

CHIMERA WIND DEDUCTIBLE BUYDOWN FACILITY

Is your client facing higher wind and hail deductibles at their renewal? Are they concerned about losses from wind, hail & hurricane? Have they explored traditional deductible buydowns and found them outside their budget? Are they desperate for a solution that fits within their ability to pay...?

McGowan Risk Specialists has developed a unique approach to these problems. We have the solution. We have built **Chimera** to change the world of wind risk reduction one account at a time. Forget everything you think you know about buydowns and contact one of our Regional Sales Managers or Brokers today!

TARGET

Apartments, Condos, Hotels, Shopping Centers, & General Real Estate

- Coastal and non-coastal risks eligible
- Quick turnaround
- Flat deductibles, as low as \$10,000
- Single location and multi-location available
- Customized solutions fitting your insured's budget and risk tolerance
- *We cover you from the bottom up, rather than the top down. That's where it matters most.*

REQUIREMENTS

- Acord 125 and 140, preferably with fully-completed Excel schedule of values
- Loss history
- Overlying carrier structure
- Client Budget and risk tolerance
